

BLUE SEA SYSTEMS Marine Electrical Products

Mini OLED DC Voltmeter PN 1733

Monitors DC voltage on a bright, waterproof, daylight readable OLED screen.

Features

- Compact size
- Reverse polarity protected
- Mounts in a comon 1-1/8 inch hole

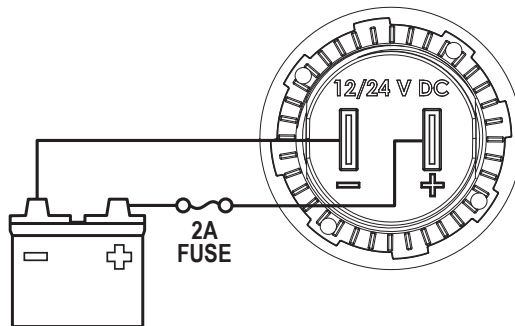

Specifications

Nominal Voltage	12V / 24V DC
Voltage Range	8V–36V DC
Voltage Accuracy	+/- 1%
Maximum Operating Current	15mA
Resolution	0.01V DC
Cutout Dimensions	1-1/8" (29mm) diameter

Regulatory

CE marked

Meter face is IP66 - protected against powerful water jets
